Help your child prepare to read! Do one fun activity every day with an emphasis on talking, singing, reading, writing and playing. Math and science activities encourage kids to explore and be curious about the world around them. Visit your local East Central Regional Library for more ideas, books, and programs to help your child get ready to read!

Every Child Ready to Read is a project of the Association for Library Service to Children and the Public Library Association, divisions of the American Library Association.
